

Exit Interview Policy

Purpose: CoreOps.AI Private Limited (also referred to as “Company” or “CoreOps.AI”) wishes to be an employer of choice and conducts exit interviews to gather feedback from departing employees, understand their experiences, and improve workplace policies, culture, and retention strategies.

Scope: This policy applies to all full-time, part-time, and contractual employees leaving the organization, whether voluntarily or involuntarily.

Scheduling: HR will schedule an exit interview before the employee’s last working day.

Format: The interview may be conducted in person, via video call, or through an online questionnaire.

Discussion Points:

- Reasons for departure
- Work environment and culture feedback
- Employee benefits
- Management and team dynamics
- Suggestions for improvement
- Final administrative procedures (return of company assets, clearance, etc.)

Confidentiality: Feedback will be kept confidential and used for internal improvements only.

Final Settlement: Completion of the exit interview is not mandatory for processing final dues but is encouraged.

Policy Review: This policy is subject to periodic review and updates by HR to ensure effectiveness and compliance with labor regulations.
