

Employee Referral Bonus Policy

At CoreOps.AI, we recognize the importance of building a talented and dynamic team. Our employees are integral to the success of this mission, and we value their referrals for bringing in skilled professionals who align with our culture and contribute to our growth. To encourage and reward these efforts, we are pleased to introduce the Referral Bonus Policy.

1. Purpose

The purpose of this policy is to incentivize and reward employees for referring qualified candidates who are hired and contribute to CoreOps.AI's mission and goals.

2. Eligibility

- All full-time, part-time, and contract employees of CoreOps.AI are eligible to participate in the referral program, **except:**
- Members of the HR/Talent Acquisition/Recruitment team.
- Employees directly involved in the hiring decision for the referred role (e.g., the hiring manager).
- Senior leadership team (C-level executives) may be excluded from referral bonuses.

3. Referral Bonus Amount

Referral bonuses are structured based on the position offered to the referred candidate. Allocation of bonus amount will be subject to the experience years, job role and technical/functional skill set of the hired candidate.

POSITION LEVEL / EXPERIENCE	BONUS AMOUNT (INR)
ENTRY LEVEL (2-5 YEARS)	10,000/-
MID LEVEL (5-10 YEARS)	20,000/-
SENIOR LEVEL (Above 10 YEARS)	30,000/-

*The amounts listed above are subject to change and may vary based on the demand for specific skills or job roles.

* CHECK WITH HR/TALENT ACQUISITION TEAM ON CORRECT CATEGORISATION

4. Process

a. Submit Referral: To make a referral, employees should submit the candidate's details via the company's official referral platform or by emailing the HR team. Make sure to provide the candidate's resume and a brief introduction about why the person is a good fit.

b. Tracking: The HR team will acknowledge the receipt of the referral and track the progress of the candidate's application. Referral details will be enclosed in the HRMS portal under the tab of Employee Referral code, at the time of onboarding of referred candidate.

c. Interview and Hiring: If the referred candidate clears the interview process and is offered a full-time position, the referrer will be notified.

5. Bonus Payment:

Referral bonuses will be paid out in two installments:

- 50% after the referred employee completes three (3) months of employment.
- 50% after the referred employee completes six (6) months of employment.
- If the referred employee leaves the company before the six-month mark, no further bonus will be paid.

6. Referral Criteria

To qualify for the referral bonus, the following conditions must be met:

- The candidate referred must be hired into a full-time position.
- The candidate must not have applied to CoreOps.AI on their own within the last six (6) months.
- The referral must be made before the candidate's application or interview is initiated through any other channel.
- The candidate should remain employed with CoreOps.AI for a minimum of six (6) months.
- No referral fees has been paid to an external hiring agency

7. Additional Incentives

- Spotlight Recognition: Employees who successfully refer more than 3 candidates in a 12-month period will be eligible for special recognition and additional rewards (e.g., gift cards, public recognition, etc.).

8. Disqualification

- No referral bonus will be paid for candidates who are already in the company's recruitment pipeline, including former employees or contractors who have worked for CoreOps.AI in the last 12 months.
- If an another employee submits the same referral, the first referrer will be given the bonus.

9. Policy Amendments

CoreOps.AI reserves the right to change or modify this referral bonus policy at any time, including adjusting bonus amounts or disqualifying specific roles from the bonus program. All changes will be communicated to employees in advance.

We believe in growing the CoreOps.AI family with people who share our values and vision. Your referrals make a difference, and we appreciate your help in attracting top talent to our team.
